A memorial picture for the funeral service

At the funeral service we can display a framed picture of your loved one. It can be more than a single photo: we offer you many templates for it, from a classic portrait with name and dates to a collage of many shared photos, with a verse or personal words if you wish. This can become a very personal picture that tells the story of a whole life.

If you like, you can design it yourself on your phone or computer, in your own time at home and together with your family. We print and frame it for you. After the funeral service you take it home as a keepsake. On request we can also make prints for family and guests later.

Your picture is available as: 8 × 10" black frame, $59 · 8 × 10" natural wood frame, $69 · 11 × 14" natural wood frame, $89 · 8 × 10" framed, included in the funeral package

How it works

1. **Open the page.** Scan the QR code with your phone or enter this address in your browser:
   demo.memorial-photo.com
   This is our design page. You need no account and pay nothing there.
2. **Design the picture.** Choose a template, add photos and enter the name and dates. You can stop at any time and continue later. Relatives can contribute their own photos.
3. **Send it to us.** Choose size and frame and click “Submit”. We receive your picture, print and frame it and bring it to the funeral service.
